Work Experience

Intesa Sanpaolo

AI Researcher

Italy

Jan. 2026 – Present

- Developing a bias-aware variant of DPO for fine-tuning and debiasing large language models.
- Building an LLM-based thematic stock basket construction system using semantic coherence scoring.
- Prototyping a GDPR-compliant GenAI pipeline for music generation.

CENTAI (acquired by Intesa Sanpaolo)

AI Researcher

Italy

Oct. 2023 – Jan. 2026

- Evaluated LLM-as-a-judge for bias in automated CV screening.
- Built a churn prediction model using RNNs for a major digital bank.
- Developed a clustering pipeline for financial asset valuation.
- Audited AI models for disparities across patient groups in breast cancer radiotherapy (Horizon Europe).

GESIS – Leibniz Institute for Social Sciences

Early Stage Researcher

Germany

Oct. 2020 – Sep. 2023

- Researched fair ranking algorithms and bias in network-based recommendations.

EURECAT – Technology Centre of Catalonia

Internship

Spain

Jan. 2023 – May 2023

- Developed a bias-aware ranking method from pairwise human feedback.

European Central Bank

Traineeship

Germany

May 2020 – Sep. 2020

- Monitored a large-scale Credit Risk Parameters database.
- Built a machine learning model to detect outliers in crypto-assets trading platforms.

ISI Foundation – Institute for Scientific Interchange

Internship

Italy

Sep. 2019 – Apr. 2020

- Researched connections between Graph Neural Networks and spatial statistics.

Education

Graz University of Technology

PhD in Computer Science

Austria

Oct. 2020 – Jun. 2026

- Final grade: Sehr gut (1), the highest grade on the Austrian scale.
- Supervisor: Prof. Dr. Fariba Karimi.
- Title: Statistical and Structural Approaches to Algorithmic Fairness.

European Union's Horizon 2020 (Marie Skłodowska-Curie grant)

NoBIAS – Artificial Intelligence Without Bias ITN

- Marie Curie ITN training 15 researchers on bias detection and fairness in AI systems.

Germany

Oct. 2020 – Sep. 2023

University of Turin

Master's Degree in Stochastics and Data Science

- Final grade: 110/110 cum Laude.
- Thesis: Thinking in space: a comparison between spatial statistics and graph neural networks.

Italy

Sep. 2017 – Apr. 2020

Johannes Kepler University

Erasmus+

Austria

Sep. 2018 – Jul. 2019

University of Florence

Bachelor's Degree in Mathematics

- Final grade: 110/110.
- Thesis: Cryptographic applications of the LLL algorithm.

Italy

Sep. 2013 – Oct. 2017

Honours and Awards

2023 **€220K DFG Grant**, Bias in ranking systems – University of Mannheim (declined to join CENTAI)

Germany

2025 **1st Place**, DRW Trading Challenge – NeurIPS 2025

USA
